

ANNUAL MEETING NINE-MILE DISTRIBUTION SYSTEM  
JANUARY 30, 1978 - PRICE MUNICIPAL BUILDING

The annual meeting of the Nine Mile Creek Distribution System was held in Room 7 of the Price Municipal Building on January 30, 1978 at 1:40 p.m. The following persons were in attendance at the meeting:

John Bene - Deputy State Engineer, Division of Water Rights  
Don Norseth - Division of Water Rights  
LaMond Gardner - Division of Water Rights  
Bob Siefken - Division of Water Rights  
Jerry Burdick  
Willis Hammerschmid  
Gary D. Motte  
Virginia S. Anderson - Preston Nutter Corporation  
Robert E. James  
Sharp Bryner  
Lawrence Motte

Mr. Bene mentioned that the Nine Mile Community lost two of their most colorful and progressive citizens this last year. Mrs. Virginia Nutter and Jack Wimmer. They shall be missed and long remembered.

Distribution Engineer, Don Norseth chaired the meeting. Mr. Norseth gave a review of the snowpack and water forecast for the State of Utah.

Deputy State Engineer John Bene then read the minutes pertaining to the 1977 Annual Meeting. There were no corrections or additions and were accepted as read.

The next item of business was to read the financial statement. As of December 31, 1977 the water users had a balance of \$882.19 as opposed to \$624.81 on January 31, 1977. There were no expenditures for 1977 and it was decided that the 1977 assessment of \$369 would not be collected. Mr. Norseth then got correct names and addresses for the three delinquent accounts. It was mentioned that another attempt would be made to collect these. Sharp Bryner was then asked to submit a bill for his and Buck Rich's trips during the year. Sharp stated that he made only three trips to regulate the water and Buck did not make any. Sharp Bryner stated that most of the measuring devices were out and the State Engineer should write all the water users a letter to the effect that the measuring devices must be installed before the irrigation season begins.

Mr. Hammerschmid would like very much to have a separate measuring device for his place and the Keel place. He is willing to pay for his measuring device. The financial statement was then accepted as read.

The next item of business was to appoint a water commissioner. A motion was made by Gary Motte to have Sharp Bryner representing the upper

users and Buck Rich representing the lower end stay on as commissioners. The motion was seconded by Jerry Burdick.

The budget was the next topic of discussion. No assessment was set for 1978. A motion was made by Sharp Bryner that the budget remain the same as 1977. Jerry Burdick seconded the motion. The motion passed.

Lawrence Motte then stated that he would move his flume down the ditch to make it work correctly.

Meeting adjourned at 2:15 p.m.
